Professional Summary

Front-end and backend web developer with **3 years of experience** in **JavaScript, React.js, and modern CSS frameworks**. Passionate about building **responsive, high-performance websites** and delivering successful projects.

Technical Skills

- Languages **HTML - CSS - Javascript – Python - Typescript**
- Frameworks / Libraries **React - Tailwind - CSS - SCSS - Node - Express**
- Tools **Git - GitHub - VS Code - SupaBase - MongoDB**

Projects

- **Online Clothing Shop | React, Typescript, Tailwind CSS, SupaBase, MongoDB**

  GIGIbuy GIGIbuy.vercel.app

- **News and stories sharing | JS, TypeScript, React, MongoDB, Guardian API**

  Bloggle BloggleApp.onrender.com

- **Custom passwords generator | HTML, CSS, Javascript**

  YP&C generator Gigi-codeace.github.io/YC-PG/CGmenu

Experiences

Developed **multiple responsive web applications**, including **2D games, e-commerce platforms, and website clones**.
Strong experience in integrating React.js with dynamic features and using **Tailwind CSS / SCSS** for better code maintainability and readability.
My projects also feature a robust **Node.js and Express backend**, enabling seamless **API integration** and efficient server-side functionality.

Certifications

- **React.js Beginner & Advanced Courses –** freeCodeCamp
- **JavaScript Algorithms & Data Structures –** freeCodeCamp
- **CSS, SCSS And Tailwind CSS Cources –** Web Dev Simplified
- **Python cource –** Coddy.tech
